

Is your child too Sick to be at school?

Schools encourage sharing, but some things are best for kids to keep to themselves.

FEVER

VOMITING/DIARRHEA

COUGH

If your child has any of the above symptoms, please ensure they do not come to school for 24 hours after their illness is better.

RASH

SKIN LESIONS/SORES

If your child has a rash along with a fever; or skin lesions / sores that spread or cannot be covered by a bandaid please ensure their condition is not contagious before they return to school.

*Home is the best place for a child who is ill.
Making the school aware if your child has an illness can be important for others who, due to their own medical conditions or treatments, have weakened immune systems and are vulnerable to infection.
Thank you for helping everyone stay well!*
